IN THE NEWS

- **Happy Trails are Here Again.** Boys & Girls Clubs of Hancock County in Greenfield, Ind., celebrated Day for Kids by hosting a Fitness Scavenger Walk for kids and parents. Participants walked along a trail through downtown Greenfield, the Penny Trail and Riley Park and back to the Greenfield Unit. Adults and kids made stops along the way to find scavenger items and participate in a fitness activity. Although a grand prize was presented to the person correctly completing the scavenger walk, all participants received prizes.

- **Day for Kids Takes a Bite out of the Big Apple.** Kips Bay Boys & Girls Club in Bronx, N.Y., held a massive street festival with five hours of non-stop entertainment. Participants enjoyed performances by local artists and Club members, amusement rides, games, food and prizes.

No matter where in the world BGC Day for Kids events took place, they all shared the same goal...to share a moment, create a memory and make a kid's day!

Boys & Girls Clubs of America Launches Centennial Celebration
